

December 10, 2008

Dear Ali,

Our guests were highly impressed by the setting at the Setai and loved the Lufthansa "appearance" by the very cool signage! As in previous events, we were again perceived as a good fit of partners serving this "special" customer group. Our launch of the new Lufthansa Private Jet product this spring will now even further strengthen our position in Europe and I hope that we will find further joint marketing opportunities for 2009. Thanks for your partnership."

Best,

Benedikt
