

MARQUISJET

fleet by NetJets

October 24, 2003

Mr. Douglas D. Gollan
President/Editor-in-Chief
Elite Traveler
Universal Media Building
801 Second Avenue
New York, NY 10017

Dear Doug:

As you may know, Marquis Jet just announced that for the third quarter ending September 30th, revenues in the combined North American and European operations were 157% higher than the same quarter in the year prior. Marquis Jet also reached a major milestone by surpassing the 1,000th Card mark.

It is nice to keep seeing these super testimonials for Elite Traveler. I thought I would let you know today we closed a \$109,900 Marquis Jet Card on a Citation V Ultra with one of your readers yesterday and to date can attribute over \$1,000,000 in sales to your magazine. Additionally, we have a number of other leads from your magazine our salespeople expect to close.

I also greatly appreciate your efforts to help bring value through creative partnerships and networking on our behalf. As you know, through your efforts, we were able to create with Cunard a new program "World's Most Expensive Vacation" which combines a trans-Atlantic crossing on the Queen Mary 2, stays in top suites at The Mandarin in New York and London, and a private jet crossing via a Marquis Jet Card on a GIV-SP. It is an experience that truly is elite! Even though the program will not launch until next spring, the publicity already has been incredible, and there are already several bookings that have been made that when actuated will raise our sales figure via your publication even further!

Again, thanks for your support and we look forward to working with Elite Traveler and growing together for many years to come!

Sincerely,

Ken Austin
