Dear Laura,

Thank you for sending the current issue of your magazine, and also for the great mention of Cox & Kings' India programs. We do appreciate it. Based on the last article on Africa we did receive some calls from your readers and a family from Miami who travel on their own private jet booked a safari (\$62,000) to Africa with us.

It seems like your magazine is really in the right places.

Look forward to working with you again,

Best,
