

THE RITZ-CARLTON, TOKYO

Dear Doug,

Greetings from Tokyo!

I just want to tell you that we have in-house the family of the president of one of the African countries and they booked our suites at RACK rates 3 days ago after reading about our hotel in Elite Traveler magazine en-route to Japan. Absolutely unexpected but very nice piece of business. The article featured our Ritz-Carlton Suite at US\$ 20,000 per night which they took and 5 other club rooms at US\$ 1000 a piece.

Thank you for always supporting our hotel.

Best regards,
Ricco
