## MADINAT JUMEIRAH

**Madinat Jumeirah** is located adjacent to sister properties Jumeirah Beach Hotel, Burj Al Arab and Wild Wadi Water Park, and is a leisurely half hour drive from Dubai International Airport.

Developer and architect Mirage Mille took 36 months to complete construction of the first phase of the resort, Mina A' Salam, which opened in September 2003. The vision was to recreate life as it used to be for residents along Dubai Creek, complete with waterways, abras, wind towers and a bustling souk.

The resort is authentically Arabian-styled, featuring unique UAE architecture and design that encompasses three core components, two grand boutique hotels and clusters of 29 traditional Arabic summer houses among the gardens and waterways, all built around the souk, the traditional center of Arabic life at the heart of the resort.

## SPA SERVICES

**Talise Spa:** Talise, the spa for self discovery, has a set of wellness services which includes innovative methods, supported by a team of medical practitioners who practice conventional and alternative techniques.

Amid semi-tropical gardens lined with bamboo, palm trees, frangipani and hibiscus flowers and bordered by gently flowing waterways that allow guests access to the spa by abras, the spa ambience is soothing and serene. Further enhanced by an interior scheme of earthy warm tones, soft cushions and velvety fabrics.

The spa is setting new standards in holistic care and beauty treatments featuring 26 treatment rooms, built in clusters. There are a variety of treatment rooms with private gardens or balconies, including a crystal and light therapy room, as well as hydrotherapy rooms with indoor and outdoor baths and steam showers, a Watsu pool and Kneipp basins and two honeymoon suites complete with private changing facilities, sunken baths, relaxation areas and steam showers. There are also three Arabic tents which are used as treatment areas amidst the gardens and waterways.
