Suite style: Palatial and sumptuous, The Monarch Suite artistically blends contemporary design with traditional aspects of Arabia. Reflecting the architectural style of the region, traditional Arabic archways connect the various areas of the suite and an assortment of vibrant-colored fabrics and drapes are used throughout.

Key selling points: The private butler waits in attendance within the suite's exclusive foyer; two hand-carved grand wooden Arabic-style double doors sweep open to receive guests into the first of two *majlis*. Incorporating deep colours, the *majlis* are regally furnished with rich-textured upholstery and offer magnificent views from the floor-to-ceiling windows. Elaborate archways lead to an elegant dining area where a table draped in silk and satin seats up to 12 guests. With a choice of gourmet menus, exclusive, gold-rimmed bone china, ornate silver cutlery, hand-made crystal glassware and guests attended by the private butler, every meal is transformed into a "royal banquet." Other amenities include: VIP airside pickup and escort service, return limousine service from and to Dubai International Airport, in-room check-in, international buffet breakfast, 24-hour butler service, access to health and fitness club, and a high-tech Bang & Olufsen sound system.

Number of suites in hotel: 42

SPA SERVICES

Mandara Spa: The Mandara Spa at The Monarch Dubai provides guests with an unforgettable, totally indulgent sensory awakening. The Mandara Spa comprises 10 treatment rooms; seven exclusively for ladies, three for men and one which may be extended for use by two guests wishing to share the Mandara experience. Separate relaxation areas for men and women feature sauna, steam room and Jacuzzi as well as an opportunity to enjoy light refreshments, fresh fruit and herbal teas before or after treatments. The Spa also provides a hair salon offering the latest styles and an exclusive range of hair products. All treatments are applied by a trained specialist team of therapists who strive to create harmony and an increased sense of well-being to enhance the overall guest experience.

Signature treatments: Mandara Massage: not to be missed, never to be forgotten. Our signature massage, performed by two therapists working together, is a unique blend of five different massage styles: Japanese shiatsu, Thai, Hawaiian Lomi Lomi, Swedish and Balinese.
