SPECIAL SERVICES & AMENITIES

At lumière, the belief is that the best things come in small packages and lumière brings a different mindset to the luxury hotel experience. This boutique property offers an unmatched level of service and intimacy that makes you feel as if you are the only guest at the hotel.

Lumière's ski-in/ski-out access is coupled with their ski valet service, which allows guests to enjoy their ski experience as much as possible without having to worry about transport of skis from the base of the mountain to rooms or ski lockers. Ski valets will also take care of overnight ski tunes so everything is ready in the morning for a day on the slopes.

In order to further reduce any hassles, lumière does not have a front desk. Rather, guests are personally escorted to their rooms upon arrival to be greeted by a lit fire, a glass of wine and a selection of artisan cheeses. Check-in is taken care of in-suite with a full orientation performed by a member of the guest services team.
