HIGHLIGHTS OF SINGAPORE

Singapore has a wealth of exciting attractions, adventures and experiences.

 Positioned on the island country of the same name, the city of Singapore is one of Southeast Asia’s most vibrant destinations. Lying at the southern tip of the Malay Peninsula and north of some of Indonesia’s most exclusive islands, this international metropolis promises an exciting and luxurious experience for the elitetraveler. A true melting pot of modern Asia, Singapore has been settled by Chinese, Europeans, Malays and Indians.

As a result, the city offers a rich history and high quality of life for all those who live and visit.

Singapore is an intriguing mix of modern and traditional. The humid tropical breezes and exhilarating scent of jasmine are contrasted by the shopping malls and designer boutiques, in addition to the cutting-edge technology on offer. As regular visitors will tell you, people come to Singapore for two main reasons: the food and the shopping. Here, in this guide we have selected the best of both in this stunning city. We have also chosen the best of Singapore’s nightlife, where you can rub shoulders with celebrities and the city’s movers and shakers. The Elite Traveler Destination Guide to Singapore provides the perfect introduction to the contemporary marvels and historic charm of this wonderful island city.

ORCHARD ROAD

Named after the trees that lined this street in the 19th century, Orchard Road is Singapore’s major shopping and nightlife district. Rivaling New York’s Fifth Avenue for high-end fashion and entertainment, elite travelers will find Orchard Road the perfect destination, whether it’s purchasing a 24K gold-plated chandelier, or visiting the world-famous Alley Bar on a Wednesday night that you are after. Along with some of the city’s grandest hotels, Orchard Road is also a hot destination for lovers of high tech equipment and the latest in digital gaming. An area not to be missed!

SENTOSA ISLAND DAY TRIP

Sentosa Island lies south of Singapore and is connected to the mainland by a causeway. A must visit for elite clientele, the area boasts some exceptional attractions, including the Tiger Sky Tower (Singapore’s tallest viewing tower), Fort Siloso and the Butterfly Park & Insect Kingdom. In addition, some of the country’s finest beaches are situated on this five-kilometer square island. While there are many transport links from the mainland, we recommend taking the VIP Jewel Cable car, featured on page 19 of this guide. Providing 360-degree views of Singapore, the harbor and Sentosa Island, it’s a breathtaking ride.

UNIVERSAL STUDIOS VIP TOUR

Bringing a slice of Hollywood glamour to your trip, the Universal Studios VIP Tour, at Resorts World Sentosa, is the ultimate theme park experience for all elite travelers. An experienced VIP Tour Guide will make you feel like a celebrity as they personally escort you around the Park’s attractions. In addition to the Studios tour, you’ll receive the red carpet treatment with fast-track priority access to the rides and shows. No waiting in line! In addition VIP guests will also benefit from an array of exclusive highlights, including a private photo session with Universal Studios characters and free food at certain venues around the park.

Musa recommends you start your day with an indulgent breakfast buffet at MELT – a multi-cultural dining smorgasbord – then head to Old School, a privately run arts center atop Mount Sophia where you can enjoy the independent creative scene. Live music by up-and-coming bands are showcased here and galleries display diverse art pieces. You can also catch local Asian films at the Sinema theatre. For lunch, he suggests heading to Absinthe, a charming French restaurant on the fringes of Chinatown. Afterwards, why not discover the bustling streets nearby and pick up a chic souvenir or two before heading to Haji Lane – a quaint bohemian district bursting with designer boutiques. For dinner, kick back and relax at Blu Jaz Café, a popular boho-style café-cum-lounge bar with world-class live music, ranging from jazz quintets to Latin bands. End the evening on a 282 meter-high – and a stunning panoramic city view – from 1-Altitude, a bar and restaurant at the top of One Raffles Place.

The Marina offers 168 berths with facilities for superyachts up to 280 feet (85 meters). Crossing over to the marina is made freely accessible via a 800-foot cable-stayed bridge. The dual carriageway bridge with pedestrian walkways will take visitors on a panoramic route with views of Sentosa, Resorts World at Sentosa and the skyline of the financial and business districts. It is the only harbor in Singapore that has both sea and hill views among the urban landscape. With world-class berthing facilities, fine dining restaurants and beautifully landscaped grounds on a five-hectare island, the marina is one of Asia’s top marina and lifestyle destinations. Specially designed with yacht owners in mind, the marina has a highly regarded sailing academy for both novices and experienced seafarers.

The Raffles Marina is situated on the western side of Singapore and is only 20 minutes from major shopping centers on Orchard Road. The location of the marina means that it is a prime launching spot for those heading to the beautiful islands of Langkawi, Malaysia and Phuket, Thailand. The marina specializes in superyachts (up to 100 meters), and has berths for boats up to 65 feet (20 meters) in length, as well as 300 dry-berths for boats up to 35 feet (10 meters). The solid breakwater means that the minimum depth is always at least 15 feet (five meters), which allows access for yachts at all times. The marina offers a high level of customer service alongside their clubhouse facilities; these include restaurants, pubs, bowling and a gymnasium.

LOCAL CUSTOMS
People go barefoot inside their homes and shoes are removed outside as a sign of respect. It is also a sign of decency to avoid using your left hand unless absolutely required.
